Artificial Intelligence Hackathon for T&E Professionals

REGISTER NOW!

September 17-19, 2024
Florida International University
Miami, Florida

The Artificial Intelligence Hackathon for T&E professionals is being organized by DOT&E, TRMC, Edaptive Computing Inc. (ECI), and Florida International University (FIU), and hosted at FIU in Miami from September 17-19, 2024. The AI Hackathon will bring together T&E professionals to collaborate to solve real-world problems in their field.

Tell us your most pressing T&E domain AI/data/analysis challenges now, so that we can collaborate across the T&E community to start solving them during the AI Hackathon! Register now to reserve your space.

This hackathon event is free and open to U.S. citizens only.
